Journal of The Institution of the

RUBBER INDUSTRY

CANCELLED DATE DUE F.61
Nov 18 '76
OCT 29 '76
IEJ APR 23 '81

Index to Volume 7 1973

INSTITUTION OF THE RUBBER INDUSTRY, 4 Kensington Palace Gardens, London, W8 4QR
Telephone: 01-229 9101

Editor: M J Quinlan

Secretary: R H Craven

RUBBER INDUSTRY is published for the Institution by:
Rubber & Technical Press Ltd, Tenterden, Kent, TN30 6UT
Teiephone: Tenterden (058 06) 2184

Journal of The Institution of the

Rubber Industry

VOLUME 7: 1973

Numbers in bold refer to papers published in RUBBER INDUSTRY
Titles in bold refer to books reviewed and other publications

A

ACESS Award to Dr J D d'Ianni, 232
Adhesion science and tyres: 28th Foundation Lecture. By W C Wake, **242**
Adhesives and Rubber in Engineering Design Groups. Rubber-to-metal bonding symposium, 231
'Adhesives in the Construction Industry': Adhesives Group conference, 97, 185
'Advances in natural rubber technology', Manchester Polytechnic, 184
Ageing characteristics of rubbers, The prediction of. Tensile Stress relaxation. By R P Brown, S H Morrell and R H Norman, **158**
Allen, K W, Slezak-Glijer, T, and Wake, W C, Penetration of rubber into yarn structure: a neglected aspect of rubber-textile adhesion, **259**
Allport, D C, and Janes, W H, Eds, **Block copolymers**, 106
Annual General Meeting, 93, 146
Annual National Conference, 2nd (Rubber Processing), 141
Applied science centre for London? R H Cummins, 53
Are you an average reader, 93
Ashley, Dr C, The Effect of Environment on Rubber in Engineering, 13
'Aspects of compounding'. London Section Conference, 49
Aston, M, The Effect of Environment on Rubber Engineering, 13
Australasian Section, Officers and awards, 43
Australian Rubber Technology Convention — Third 1974, 187
Automobile tires (L K J Setright), 14
Automotive industry. Specification of rubber for. By R Cole, **201**

B

Bain, A Angus, Long Service Membership, 141
Baines, N J, 'Silicones for the Rubber Industry', 49
Banerjee, Dr Visit to HQ, 44
Barker, L R, Effect of Temperature on Vulcanization Time, **121**
Barwell Engineering. Queens Award, 184
Basic rubber technology course, NCRT, 187
Batchelor, Dr J Dynamic testing, 47
Bayer and Rhein Chemie merge UK rubber interests, 232
Birley, Dr A W, new Director, Loughborough Institute of Polymer Technology, 231
Blackley, D C, A Simplified Exposition of the Walters-Kemp Theory for the Viscoelastic Response of a Material Subjected to Oscillatory Shear Between Parallel Plates, **15**
Blackley, D C, and Charnock, R S, Blending of Natural Rubber and SBR Latices
Part 1: Viscosity changes, **60**;
Part 2: Mechanical stability and electrophoretic mobility changes, **113**;
Part 3: Interpretation of results, **151**
Blending of Natural Rubber and SBR Latices
Part 1: Viscosity changes, **60**;
Blends of natural rubber and polybutadiene
Part 1: Resilience of natural rubber-intene blends. By G M Bristow and C Metherell, **252**
Block and graft copolymerization v.1 (R J Ceresa, ed), 147
Block copolymers D C Allport and W H Janes, Eds, 106
Blow, Dr C M, Colwyn medallist 1972, 6; The Effect of Environment on Rubber Engineering, 13
Blow, C M, and Loo, C T, High temperature vulcanization of elastomers
Part 1: Physical properties of tyre tread compounds, **205**
Book reviews, 106, 147, 192, 235
Bose, Dr T, (Hytrel polyester elastomers), 49
Brazier, A D, Elastomeric materials in adhesives, 9
Bridge Trophy — Golf, 231
Bristow, G M, 'Rubber to metal bonding', 6
Bristow, G M, and Metherell, C, Blends of natural rubber and polybutadiene Part 1: Resilience of natural rubber-intene blends, **252**
British United Provident Association, 141
Brown, R P, Morrell, S H, and Norman, R H, Tensile Stress Relaxation: The Prediction of ageing characteristics of rubbers, **158**
Buist, J M, Creation of a new institute, 239
Burgoine, F, Setting the right price, 97
Burkey, R, 'Black versus White', 47
Burton-on-Trent Section dinner and AGM, 96
Burton-on-Trent Section, 47

C

Carrington Trophy, 145
Castelli, Dr G, Market for EPDM in Europe, 6
Ceresa, R J, ed. **Block and graft copolymerization** v.1, 147
Ceylon Section cricket, 145
Ceylon Section, Officers, 43
Chard, H J, Adhesives for tile fixing, 99
Charnock, R S and Blackley, D C, Blending of Natural Rubber and SBR Latices
Part 1: Viscosity changes, **60**;
Part 2: Mechanical stability and electrophoretic mobility changes, **113**;
Part 3: Interpretation of results, **151**
Clark, R A, Toxicology of rubber additives, 99
Clifford, I M, 'Customer service', 97
Cole, R, Specification of rubber for the automotive industry, **201**
Coley, R, EP and EPDM power cables, 7
Cologne, London Section visit, 143
Colwyn Medal award to Dr A R Payne, 4
Commercial Group: 'Profitable marketing for the rubber Industry' conference, 97
Compounding for High Speed Vulcanization. By J R Payne, **22**
Conference Report, 49
Conference Reports, P J Owen, 13
Conferences:
Adhesives in the Construction Industry, 97, 185
Annual National Conference, 2nd (Rubber Processing), 141
'Aspects of compounding', 49
International Conference & Exhibition 1977, 94
International Rubber Conference, Munich, 1974, 227
International Rubber Conference, Prague, 1973, 227, 232
International Rubber Conference, Rubber Research Institute, 185
'Profitable marketing for the Rubber Industry; 97
A Consumer's View of SMR. By C J A Heal, 49, **108**
Council members; 146
Cranfield Institute of Technology—'Engineering design with rubber' course, 6, 232
Creation of a new institute. J M Buist, 239
Crowder, Dr J R, and Warlow, W J, Adhesives in the Construction Industry, 97
Cule, G, awarded a Winston Churchill scholarship, 49
Cummins, R H, An applied science centre for London? 53

D

Dadson, L M, Hon Treasurer, ACM, 146
Dannenberg, Eli M, awarded degree of Docteur et Sciences-Physiques, 185
David, ESR, Chairman of Ceylon Section, 43, 145
Design Council—SATRA Exhibition, 187
d'Ianni, Dr J D, Acess Award, 232
Diary 226
Diploma Membership 141
Dodd, A M, Total mobility tyre, 99
Dunlop Total Mobility product. By I C Mills, **196**
Du Pont Trademark for 'Fibre B' 187

E

Eagles, A, Fellowship award, 144
Easy Processing Natural Rubber. By M Dadarajah and H Narangoda, **117**
Editorial, 2, 43, 182, 226
Editorial. The Oil situation-Kuwait and see I 226;
Polymers-the way ahead? 138;

Revision of SMR specifications? 93
The Effect of Environment on Rubber in Engineering—Symposium, 13
Effect of natural ultra violet radiation on the adhesion of polysulphide to glass. Thiokol Report, 232
Effect of Temperature on Vulcanization Time. By L R Barker, **121**
Ellison, H, Fellowship award, 144
Elsby, F, Marketing, 97
Emulsion Polymerization. National College of Rubber Technology, evening lecture series. 6
Engineering applications. D B O'Neill, 13
'Engineering Design with Rubber' Course, Cranfield Engineering Institute of Technology, 6, 232
'EPDM-Future prospects for' panel discussion, 6
Evans, C W, Technical Trouble Shooting in the Rubber Industry, **19**

F
Fearon, F W Gordon, Saam, J C, and Ward, A H, Polystyrene-Polydimethylsiloxane Multi-block Copolymers, **69**
Fellowship awards, 2
'A flexible technologist'. Interview with Dr J Glazer, 240
Foundation Lecture, 28th: Adhesion science and tyres. By W C Wake, **242**
Foundation Lecture 1974, Dr W F Watson, 6
From the Secretary, 2, 43, 94, 141, 183, 227
The friction and lubrication of elastomers (D F Moore), 14
'Future prospects for EPDM' panel discussion, 6

G
Gallagher, E, obituary, 184
Gardner, E R, and Kennerell, H, Trends in tyre design and materials, **189**
Glazer, J, 'A flexible technologist' (interview), 240
Goldberg, I J, Industrial marketing, 97
Golf—Manchesters Bridge Trophy, 231
Golf—Wallwork Weekend, 145
Golfing Society, 96
Graduateship awards, 2

H
Haddick, R, 'Rubber to metal bonding', 6
Hancock, Medal award to Dr C M Blow, 6
Heal, C J A, 'A Consumer's View of SMR', 49
Hewlett, Lord, CBE, re-elected President, 146
High temperature vulcanization elastomers Part 1: Physical properties of tyre tread compounds. By C M Blow and C T Loo, **205**
Holt, A G, Elastomeric materials in protective coatings, 9
Hughes, obituary, 96
Hydraulic mill nip adjuster (Iddon Brothers Ltd), 228
'Hytrel polyester elastomers'. Dr T Bose, 49

I
Inch, D, Bridge Trophy, 231
Institute of Polymer Technology. Rubber Technology for Engineers Course, 9
IRI membership. New grade of, 184
IRI publications 106
International Conference and Exhibition 1977, 94
International Rubber Conference—Munich, 1974, 227
International Rubber Conference, Prague, 1973, 227, 232
International Rubber Conference. Rubber Research Institute, 185
International Rubber Directory. Forthcoming 5th edn, 6
International Rubber Industries Inc. Tyre manufacture, 187
Ismail, Dr obituary, 185

J
Jenkins, R O, RGA Medal award, 144
Journal of the IRI, changes in, 183
Jubilee Appeal, 146

K
'Kevlar'. Fibre B trademark, 187

L
Lake, Dr G J, The Effect of Environment on Rubber in Engineering, 13
Lathia, S V, visit to HQ, 141
Lawton, D, Sales organization, 97
Lawton, D, 'Thermoplastic rubbers—application uses', 49
Lee, T C P, and Morrell, S H, Network changes in Nitrile Rubber at Elevated Temperatures, **27**
Leicester Section, 47
Letters to the Editor, 13, 53, 57, 147
Lindley, Dr P, Fellowship award, 144
Liquorish, A D, Rubber heat shield, 13
Lloyd, D G, 'New developments in non-standing antoxidants', 49
Lloyd, F S, 'Bending the Future', 97
London Section, 47
London Section. Cologne visit, 143
London Section—Rubber to metal bonding—'environmental resistance' meeting, 6
London Section, Technical meeting, 99
Long Service Membership, 141
Loo, C T, and Blow, C M, High Temperature vulcanization of elastomers Part 1: Physical properties of tyre tread compounds, **205**
Loughborough Institute of Polymer Technology. Dr A W Birley new Director, 231
Low-temperature stiffness apparatus (H W Wallace & Company Ltd), 231
Lowe, G B, Structural adhesives, 99

M
MIRI, new grade of IRI membership, 184
Magsaysay award. B C Sekhar, 187
Manchester Golfing Society, 96, 145, 185
Manchester Golfing Society Dinner, 44
Manchester Section, 43, 44
Mandelberg, J H, Obituary, 96
Marketing and RAPRA, one-day conference, 185
Marshall, D G, Research and development, 97
Martin, George, Hon Life Membership, 2
Medal awards 1972, 4, 6
Meeting Reports, 97, 232
Metherell, C, and Bristow, G M, Blends of natural rubber and polybutadiene Part 1: Resilience of natural rubber-intene blends, **252**
Mieras, H J M A, and Wilson, E A, A New View on the Morphology of Thermoplastic SBR, **72**
Miller, R A, Chairman of Australasian Section, 43
Mills, I C, The Dunlop Total Mobility product, 47, **196**
Moore, D F, **The friction and lubrication of elastomers,** 14
More Science to Aid Smallholder: new NR Technology Centre in Malaysia, 112
Morrell, S H, and Lee, T C P, Network changes in Nitrile Rubber at Elevated Temperatures, **27**
Morphology of Thermoplastic SBR. A new view of. By H J M A Mieras and E A Wilson, **72**
Morrell, S H, Norman, R H, and Brown, R P, Tensile Stress Relation. The prediction of ageing characteristics of rubbers, **158**
Murphy, J, Industrial advertising, 97

N
Nadarajah, M, and Narangoda, H, Easy Processing Rubber, **117**
Narangoda, H, and Nadarajah, M, Easy Processing Rubber, **117**
National College of Rubber Technology. Emulsion Polymerization lectures, 6;
Introduction to polyvinyl chloride course, 231;
Short basic rubber technology course, 187
Natural rubber and polybutadiene blends. Part 1: Resilience of natural rubber-intene blends. By G M Bristow and C Metherell, **252**
Naunton, Dr W J S, Obituary, 44
Nestor, P E R, EPDM used in Volvo cars, 7
Network Changes in Nitrile Rubber at Elevated Temperatures. By T C P Lee and S H Morrell, **27**
New developments in non-standing anti-oxidants. D G Lloyd, 49
'New developments in polymers', 49
'New developments in polyurethane elastomers'. A H Schaffer, 49
News and events, 6, 96, 184, 228
New South Wales Branch. Annual Golf and Bowls Day, 49
New trade names in the rubber and plastics industries RAPRA, 1972 issue, 185
A New View on the Morphology of Thermoplastic SBR. By H J M A, Mieras and E A Wilson, **72**
Nitrile Rubber at Elevated Temperatures. Network Changes in. By T C P Lee and S H Morrell, **27**
Norman, R H, Rubber dampers, 13
Norman, R H, Brown, R P and Morrell, S H, Tensile Stress Relaxation: The prediction of ageing characteristics of rubbers, **158**
Novel Uses of Rubber in Engineering, 13
Nye, H, EP and EPDM power cables, 7

O
Obituary, 44, 96, 145, 184
Ong, Dr K L, visit to HQ, 141

Rubber-to-metal bonding symposium, 231
Rubbercon Proceedings 1972, 106

S
SATRA Exhibition, Design Council, 187
SATRA 'Soling' symposium, 187
SMR—A Consumer's View of. By C J A Heal, 108
SMR specifications, revision of. Editorial, 93
Saam, J C, Ward, A H, and Fearon, F W Gordon, Polystyrene-Polydimehtylsiloxane Multi-block Copolymers, **69**
Sanders, A F W, retirement from Rubber Regenerating Co Ltd, 232
Schaffer, A H, 'New developments in polyurethane elastomers', 49
Scott, G, Letter to the Editor, 147
Scottish Section, 49; Annual Joint Dinner Dance with PI, and AGM, 96
'Seating' symposium, IRI Urethanes Group, 231
Section Meetings, 138
Sekar, K C, Long Service Membership, 141;
Magsaysay award recipient, 187
Setright, L K J, **Automobile tires,** 14
'Silicones for the Rubber Industry', N J Baines, 49
A Simplified Exposition of the Walters-Kemp Theory for the Viscoelastic Response of a Material Subjected to Oscillatory Shear Between Parallel Plates. By D C Blackley, **15**
Slack, T K, Future use of adhesives, 99
Slezak-Glijer, T ,Wake, W C, and K W Allen, Penetration of rubber into yarn structure: a neglected aspect of rubber-textile adhesion, **259**
Sociata Italiana Resine moves into synthetic rubbers, 228
'Soling' symposium, SATRA, 187
'Solution of polymers', London Section technical meeting, 99
South Wales Section, 49; Dinner Dance 227
Southern Section, 99
Specification of rubber for the automotive industry. By R Cole, **201**
Sri Lanka, news from, 185
Stableford Alliance, 145
Swanborough, J, 'The future of the UK rubber industry in the changing environment', 97
Symposia:
'Effect of Environment on Rubber in Engineering,' 13
Reliability of Rubber-to-metal Bonded Components, 231
'Seating', 231
'Soling' SATRA, 187
'Testing', 231

T
Technical Trouble Shooting in the Rubber Industry. By C W Evans 9
Technologist of the IRI, Tech IRI Examination Syllabus, 9
Technology Centre, RRIM, 112
Testing Procedure for Measurement of Dynamic Properties of Vulcanized Rubber. By the Rubber in Engineering Design Working Party, **65**
'Testing' symposium, London Section, 231
Tensile Stress Relaxation. The prediction of ageing characteristics of rubbers. By R P Brown, S H Morrell and R H Norman, **158**
Thermoelastic elastomers — a review', Dr G A Pope, 47
'Thermoplastic elastomers—application uses'. D Lawton, 48
Thermoplastic SBR. A New View on the Morphology of. By H J M A Mieras and E A Wilson, **72**
Thomas, Dr D K, The Effect of Environment on Rubber Engineering, 13
Tire Science and Technology—new tyre journal, 145
Toxicology or rubber additives. Dr R A Clark, 99
Trends in tyre design and materials. By E R Gardner and H Kennerell, 189
Turner, D M, Letter to the Editor, 57
Tyre design and materials. Trends in. By E R Gardner and H Kennerell, 189
Tyre tread compounds. Physical properties of. High temperature vulcanization of elastomers Part 1. By C M Blow and C T Loo, **205**
Tyres and adhesion science: 28th Foundation Lecture. By W C Wake, 242
Tyres at Stratford, 236
